# WRECKS THE NERVES AND UNDERMINES THE HEALTH

. Rheumatism is not only the most painful, but oftentimes the most formidable and langerous of all diseases. The constitution gives way, nerves are wrecked, health underwined and life made a misery and torture by the terrible pains and aches. Rheumatism is bad enough, even in its lightest form; but when it becomes chronic and the muscles and sinews grow hard and stiff and the joints immovable and fixed, it shows what the disease can do, and the far-reaching effects of this most terrible of all human maladies. Rheumatism is caused by uric, lactic and other acid particles in the blood, and every muscle, joint and fibre that these acid poisons touch become inflamed and sore, tender and painful. Home remedies, such as liniments, blisters and plasters, have a place in the treatment of Rheumatism in certain stages. When properly applied they relieve temporarily the pain and redness, the inflammation and swelling; but you can never reach the real seat of the disease from without; the cure must come from within, and it requires a remedy that can bring the blood back to its original purity, that can relieve the WHITE SALE Spreads circulation of all irritating acids and stimulate the sluggish organs and all parts of the system before a permanent cure of Rheumatism is effected.
